

POSITIONING

Nature-based photographic systems designed for large-scale interior environments where artwork supports wellness, spatial calm, and architectural identity.

APPLICATIONS

- Healthcare environments
- Corporate workplaces & headquarters
- Hospitality lobbies & corridors
- Senior living communities
- Institutional public spaces

DESIGN INTENT

- Biophilic visual calm
- Low-contrast spatial harmony
- Wayfinding-friendly composition
- Emotionally grounding spaces
- Architectural integration

ART SYSTEM FORMATS

- Large-scale framed focal installations
- Multi-piece corridor sequences
- Reception feature wall compositions
- Repeatable series for multi-site projects

SPECIFICATION READY

- High-res production files
- Scalable for arch. environments
- Series consistency across sites
- Licensing for multi-location use
- Print + framing coordination
- Custom sizing on all images
